

JUSTIN S. DANIELS

PRACTICAL LEGAL AND BUSINESS ADVISOR

LLC and S-corp Issues

I am using this installment of my practical legal advice column to advise you I will be part of the National Business Institute faculty on March 25, 2009 discussing LLC, C corp and S corp issues.

I have attached a link to the brochure below. If you are unable to attend and would like to have me discuss these issues with your organization, please contact me and I will be happy to speak to your organization.

If you email me, I will also provide you with a checklist of issues that I prepared as part of the seminar materials that arise in LLC operating agreements and corporate shareholder agreements. These checklists can help you and your clients think about the common issues and avoid the many vaguely written documents that routinely cross my desk. These poorly written documents typically result in additional monies spent correcting mistakes or litigating issues that were not addressed in the operating agreement or shareholders agreement.

As always, your trusted source for practical legal advice.
